

Fountains Earth CE Primary School Newsletter—Friday 23rd June 2017

Thanks to all the families who took part in the Fountains / St Cuthbert's sponsored walk at Scar reservoir on Saturday. It was a fabulous community event bringing children, parents, grandparents and dogs together! We are hoping this will become an annual event that will grow in popularity. If you have sponsor money please return it to the school by Friday 30th June. Thank you.

It was lovely to see families at sharing assembly today. Mr Richard Light, the new chair of the Federated Governing Board attended his first sharing assembly and said just how unique and special it was.

Parents also need to know that Mrs Sue Fry, who has been Fountains Earth Chair of Governors for some time, has taken the decision to step down from the Federated Governing Body due to a significant promotion at work and the time commitment that this needs. Our school has been very fortunate to have such a fantastic Governor and ambassador for the school and both Mrs Brown and I have greatly valued working alongside her to lead the school—latterly though such a successful Oftsed.

There will be further information on Governing Board membership following the meeting on Monday 3rd July.

Please see diary dates overleaf. New dates are highlighted in Yellow and further information will be provided

Middlesmoor Church visit

The whole school visit to Middlesmoor Church was a huge success on Tuesday—Thanks to Eileen Bain and Father Darryl for being there to answer the children's questions.

The children have produced some excellent pieces of work—fact files, stained glass window designs, posters and drawings which will be displayed both in school and in church.

Maths Passports

Congratulations to:

Edward for completing Pangea

Zoe for completing South America

Jessica for completing Northern Island AND Wales!!

Thanks for all your help at home!

Parents are invited to pop into school any time on Monday and after school until 4.30 to help with the mosaic. You will then be able to say, for years to come, that you were part of the mosaic creation. Also, if you have never mosaicked before it is the most therapeutic activity! Please do come along and put some pieces in.
